2412 SERIES

A robust starter machine

2412 SERIES

A robust starter machine

Cuda's 2412 series of parts washers is an attractive entry-level top-load aqueous parts washer. At only 35 inches wide, the Cuda 2412 Series parts washer has a 250-lb. load capacity, and a 24 inch turntable diameter. While boasting Cuda Series durability, it has a 1/2 HP mechanical seal with flush tube style pump and an upper drive arm that rotates the turntable. The 115V models make the 2412 especially versatile for use anywhere in the shop.

Aqueous parts washers clean faster and better without using harmful solvents!

Cuda automatic parts washers provide a safe and efficient solution to cleaning parts because they don't use harmful cleaning solvents to clean. Our automatic parts washers also provide a time-saving, easy parts cleaning solution for your staff allowing them to simultaneously clean parts while performing other tasks.

1 Automatic Low-Water Shutoff

- Safeguards heating element from undue wear.
- Instantly turns the parts washers off if the water level drops too low.

2 Casters

- Allows the parts washer to be moved easily about the shop to where it is needed.

3 Customize and Accessorize

- Customize your parts washer to your specific needs, like this pneumatic power brush, so washing becomes the easiest part of the work day.

4 Detergents Extend Your Warranty

- The 90-day labor warranty for all Cuda Kärcher Group parts washers is automatically extended to a 1-year labor warranty with exclusive use of our solvent free detergents. Our parts washers are also covered by a 1-year parts warranty.
